PROFESSIONAL SUMMARY

Motivated final-year Diploma in Information Technology student at Richfield Graduate Institute of Technology, passionate about software engineering and full-stack web development. Skilled in JavaScript, Python, PHP, C++, Node.js, MySQL, HTML5 and CSS3, with hands-on experience developing web applications, and database-driven systems. Completed a Full Stack Web Development internship and additional professional training. Eager to contribute technical skills, problem-solving abilities and a willingness to learn in a graduate software engineering role.

EDUCATION

Diploma in Information Technology | Final Year (2026)
Richfield Graduate Institute of Technology

Relevant coursework: Software Engineering, Database Management, Object-Oriented Programming, Web Development, Operating Systems and Systems Analysis.

TECHNICAL SKILLS

Programming: JavaScript, Python, C++, PHP, Java, SQL
Front-End: HTML5, CSS3, Responsive Web Design
Back-End: Node.js, Express.js, PHP, REST APIs
Databases: MySQL, phpMyAdmin
Tools: Git, GitHub, Visual Studio Code, XAMPP, JDBC
Other: CRUD Operations, Authentication, Debugging, Object-Oriented Programming

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern | Future Interns
January 2026 | 1 Month

- Completed practical, task-based assignments in full-stack web development.
- Applied programming and problem-solving skills to development projects.
- Demonstrated professionalism, independent learning and effective time management.
- Received a Certificate of Completion and Letter of Recommendation.

SOFTWARE DEVELOPMENT PROJECTS

Lead Management System (Mini CRM)
Node.js, Express.js, MySQL, JavaScript

- Developed a full-stack application to manage customer leads and follow-ups.
- Implemented REST APIs, CRUD operations, authentication and database integration.

CycleSync – Menstrual Cycle Tracking Application
PHP, MySQL, JavaScript, HTML5, CSS3

- Developed a web application for tracking menstrual cycles, symptoms and moods.
- Implemented secure user authentication, database management and cycle predictions.

HealthFirst – Pharmacy Inventory Management System
Java, Swing, JDBC, MySQL

- Developed a desktop application for pharmacy inventory management.
- Implemented role-based access, stock management, sales processing and reporting.

Ayanda's Hampers – E-Commerce Website
HTML5, CSS3, JavaScript

- Built a responsive e-commerce website with interactive product displays.
- Used Git and GitHub for source code management.

CERTIFICATIONS AND TRAINING

FNB App Academy – Full Stack Development
IT Varsity | July 2025

Full Stack Web Development Internship Certificate
Future Interns | February 2026

Computer Science – Modules 1–4
Upskillist | 2025–2026
Modules 1 and 2: Merit | Modules 3 and 4: Pass

ChatGPT Mini Course
Remote Recruitment | Certificate of Completion

PROFESSIONAL SKILLS

Problem-Solving | Analytical Thinking | Communication | Adaptability | Time Management | Teamwork | Willingness to Learn
